

Robert J. Halliday, Q.B.E.

Principal/Senior Construction Manager

Education: Laurentian University
Royal Roads Military College

Qualifications: MENSA Canada
25 years Construction Industry Experience
with Mitchell Architects since 1991

Abilities: Bob is a Principal of the firm and the Senior Construction Manager. He is well known in the construction industry and has received praise from contractors and owners alike. A passion for problem solving and a knowledge base that is unmatched is the key to Bob's success.

Construction Using computer software, trade contractor rapport and long-earned experience, Bob ensures that projects are completed on time and on-budget. Bob provides the Owner with comfort and assurance that their building is being built in compliance with approved plans and specifications. He maintains superior documentation of all aspects of the job, including meeting minutes, site review reports and timely photographs. His vast experience minimizes extra costs by anticipating and correcting problems before they become delays or change orders.

Superior construction review services involve timely inspection of the work, there is no substitute for being there, and you can count on Bob to be there when he is needed. He monitors the construction schedules regularly in detail, to ensure that delays are not encountered and makes certain that necessary documentation flows in a timely way to keep the project moving. Bob thinks it is important to keep the Owner involved and informed throughout the construction so you can be sure you will hear from him often.

Documents: Bob Halliday as our Principal in Charge of Construction always reviews documents thoroughly prior to tender closing. He views the documents from the eyes of a Contractor and is very useful at improving the communication, completeness and coordination for documents.
